

GRADUATE SCHOOL
Visayas State University

Curriculum Guide: MAgDev major in Plant Pathology

Course Number and Descriptive Title **Units**
Core Course – 6 units

AGDE201 – Rural Development Theories and Approaches	3
AGDE202 – Problems and Issues in Agricultural and Rural Dev't	3

Major Courses – 24 units (minimum)

PPAT212 – Post Harvest Pathology	3
PPAT214 – Advanced Plant Virology	3
PPAT215 – Advanced Phytobacteriology	3
PPAT216 – Advanced Mycology	3
PPAT217 – Plant Pathogenic Fungi	3
PPAT218 – Advanced Nematology	3
PPAT219 – Soilborne Pathogens and Mycorrhiza	3
PPAT221 – Anatomy of Diseased Plants	3
PPAT226 – Physiological Plant Pathology	3
PPAT231 – Microbial Genetics	3
PPAT233 – Genetics of Host-Parasite Interactions	3
PPAT248 – Taxonomy of Nematodes	3
PPAT251 – Epidemiology of Plant Diseases	3
PPAT271 – Advances in Plant Disease Control	3
PPAT291 – Special Topics	1-3

Minor/Cognate Courses – 9 units (courses from another field of specialization)

PPAT299 – Graduate Seminar	1
PPAT290 – Special Problem	2

SUMMARY

Major	—	24
Graduate Seminar	—	1
Special Problem	—	2

Total No. of Units Required 42

Approved:

ELVIRA L. OCLARIT
Head, DPM

Noted:

ANABELLA B. TULIN
Dean, Graduate Student

Recorded:

MARWEN A. CASTAÑEDA
University Registrar
